SUMMARY

Hi, my name is Markerson D. Flomo. After graduating from High School, I spent the last year studying Software Engineering at the University level, also building my skills in Web Development, Data Management, and other aspects of technology. I have successfully worked on projects and generated a strong network with other colleagues.

EMPLOYMENT

Intern   **Jun 2021 - Sep 2021**

Ministry of Health, Monrovia

I completed a four-month internship in the Healthcare Quality Management Unit (HQMU) of the Ministry of Health. My responsibilities were:

- To assist the unit in the planning, implementation, and evaluation of healthcare quality programs;
- Developed awareness messages for disease prevention and control; Organized healthcare teleconference meetings to discuss pressing healthcare issues and to develop solutions and learn best practices.

Peer-to-Peer Awareness Educator   **Jul 2019 - Aug 2021**

Save a Life-Liberia, Kakata

- Developed awareness messages to educate peers and other adults about sexually transmitted infections (STIs), non-communicable diseases, smoking, drug use, alcoholism, and other conditions. Provided peer-to-peer education and training specifically about HIV/AIDS.

Intern, Sales Department   **Jul 2018 - Sep 2018**

Hope-Agriculture Enterprise, Kakata

Assisted in the coordination of sales activities of the company; Planned customers' outreach activities; Assisted in the preparation of financial records and other tasks when needed.

EDUCATION

Bachelor of Science Degree in Software Engineering

University of Lay Adventists of Kigali, Kigali   **Jan 2023 - Present**

A three-year bachelor's program that teaches the essential and core components of computer science, specifically software engineering.

High School Diploma   **Sep 2019 – Sep 2022**

St. Christopher Catholic High School, Kakata

Completed secondary school and successfully passed the West African Senior School Certificate Examination (WASSCE)
